

Damaged-Vehicle

Appraisal Services

ianetwork.net

WHO WE ARE

Who is IAnet?

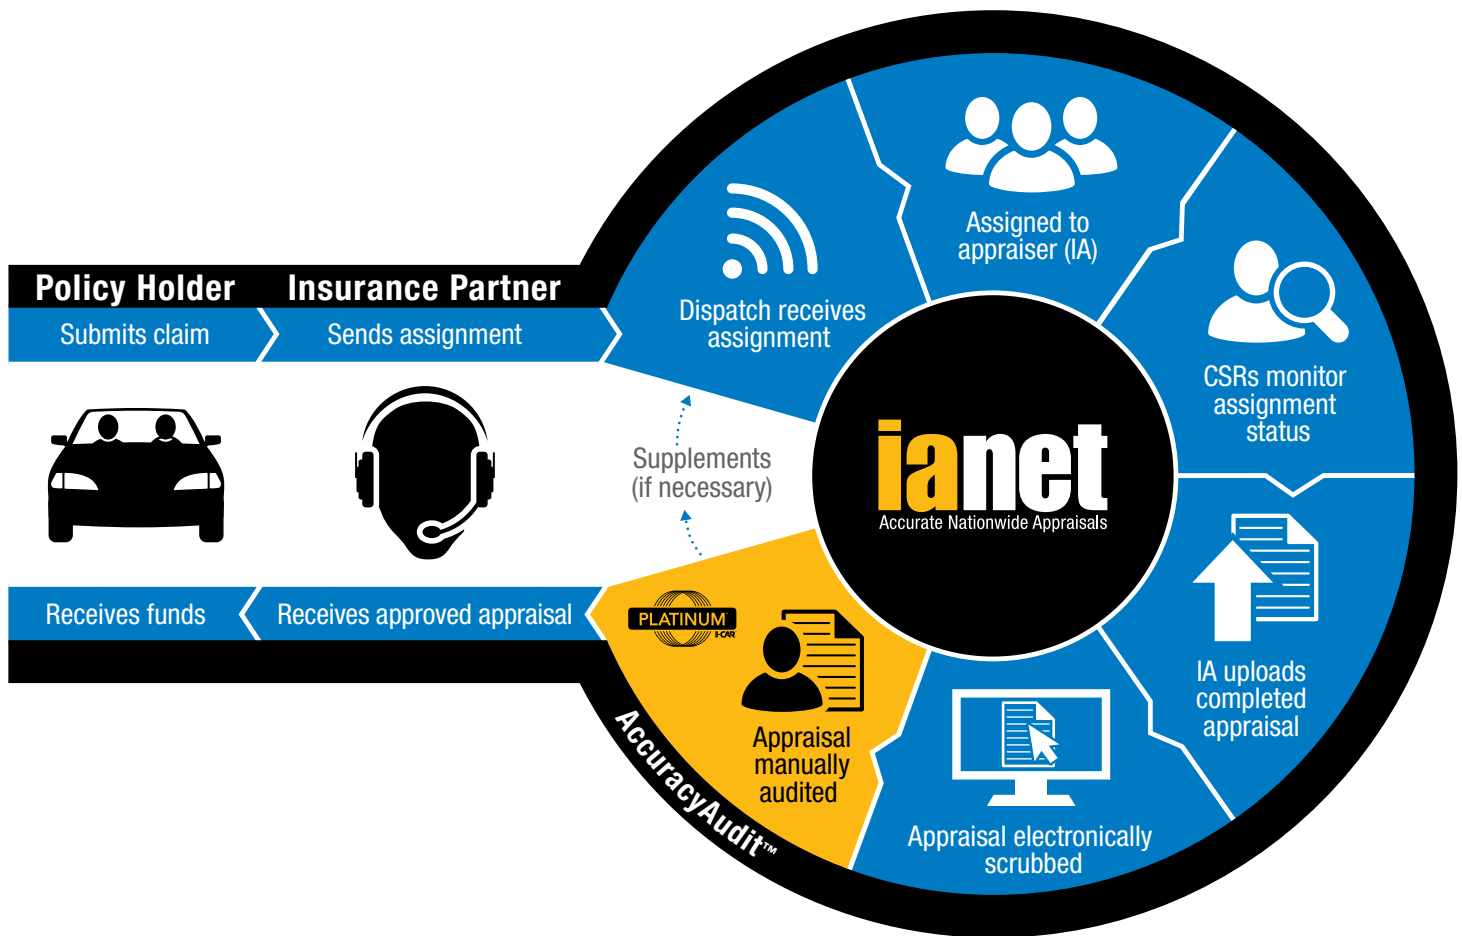

Damaged-vehicle appraisal experts.

With a network of more than 3,000 appraisers and adjusters, as well as an in-house Material Damage Audit Team, IAnet provides damaged-vehicle appraisal services in all 50 states and Canada. We're an I-CAR® Gold Class™ business and I-CAR Platinum™ trained.

What makes IAnet different?

Accuracy.

Inaccurate appraisals slow the repair process and cost you money. IAnet's AccuracyAudit™ can solve this problem. Every appraisal we handle is reviewed by our Material Damage Audit Team for accuracy, completeness and compliance before it's returned to you.

What can IAnet offer my company?

One-stop shopping.

Any vehicle, any location, any technology. Every step of the process, we have you covered.

Vehicles

- Standard auto & light truck
- Heavy equipment & farm machinery
- Classic & collector vehicles
- Recreational vehicles
- Motorcycles
- Watercraft

Technology Platforms

- CCC
- AudaExplore
- Mitchell
- NuGen IT
- Performance Gateway
- Any proprietary/in-house software you utilize

Process

- Automatic digital claim assignment
- Assignment to appraiser
- Appraisal
- AccuracyAudit™
- Total loss
- Supplemental visits if necessary
- Post-appraisal reporting & analytics

Which services are included?

The choice is yours.

When you process thousands of claims a year, a penny here and there can add up quickly. We help you spend them wisely with customized packages that allow you to choose the level of service you require, eliminating waste and saving you money. Whatever you need, we'll develop a plan that works for you.

Will IAnet work with my team and within company guidelines?

Absolutely.

We follow your regulations, use your technology and keep your staff up to date while we handle your claim. In short, we extend your capabilities without affecting your process.

Where does IAnet operate?

Everywhere.

We handle appraisals in all 50 states and Canada. For more details, see our coverage map at ianetwork.net/coverage-area.
