

Our Network

Adjusting and Appraisal Services

Why choose IAnet?

Efficiency and accuracy.

Our standing network of experienced appraisers means you get the right person with the right background for your claim every time and without delay. Other adjusters leave you in a holding pattern when they don't have an appraiser available in a particular area or with the right experience. While they waste time searching for anyone who looks good on paper, IAnet can quickly consult its extensive network and assign the proper appraiser for the proper inspection type.

How does IAnet do it?

Knowledge and teamwork.

Our dedicated vendor coordinators understand appraiser qualifications and their state-required licensing, making our team members uniquely qualified to perform thorough background checks that include interviewing candidates, reviewing sample work, and inspecting and documenting state licenses. This ensures our network includes the very best appraisers capable of delivering the excellent service IAnet's customers expect.

IAnet also has the backing of I-CAR, the foremost training organization in the field of auto collision repair. We're an I-CAR Gold Class company — the highest companywide training level recognized in the industry — and the members of our Material Damage Audit Team have earned the organization's top individual achievement, I-CAR Platinum status.

What do I get when I work with IAnet?

The choice is yours.

Our Tiered Service Packages allow you to choose the level of service you require, eliminating waste and saving you money. A penny here and there can add up quickly when you process thousands of claims a year. Make sure you spend them wisely. Don't see what you need? Give us a call at 888-645-5979. We'll develop a plan that works for you.
