

**Property Appraisals**  
From Every Angle

## What makes IAnet different?

### **ACCURACY. SPEED. CHOICE.**

We bring these three characteristics together to eliminate potential stumbling blocks in the claims process. We quickly dispatch an experienced property appraiser/adjuster from our network, provide one point of contact to streamline communication and use our AccuracyAudit™ process to fill in the gaps that others miss — all to help you save time and resources.

## What can IAnet offer my company?

### **A HIGHER LEVEL OF SERVICE.**

The property appraisers and adjusters in our network aren't there by accident. Our dedicated vendor coordinators scour qualifications, perform background checks, interview candidates, review sample work and inspect licenses so you get the very best individual for every claim.

As hard as we work to add property appraisers and adjusters to our team, we work even harder to maintain a high level of satisfaction after they're on board. It's an investment we make because we know that by taking care of them, they'll take care of you.

## Will IAnet work with my team and within company guidelines?

### **ABSOLUTELY.**

Just as every claim is unique, so is every organization. We customize our services to fit your specific needs, the regulations you have in place and the technology you use. Our job isn't to change the way you do business. It's to be an extension of your business.

## Which services are included?

### **THE CHOICE IS YOURS.**

Even a small amount of extra spending adds up when you process thousands of claims a year. Our goal is to help you eliminate waste and save money, which is why we let you choose the exact level of service you require — from a specific task to a full assignment.

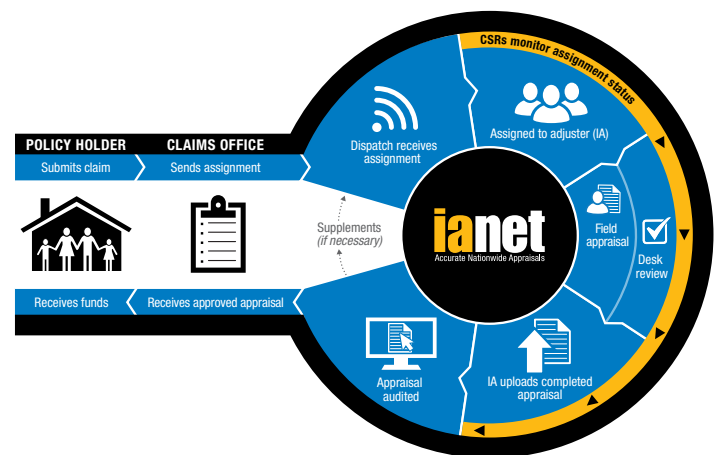

## How do I learn more?

### **GO RIGHT TO THE SOURCE.**

The information you need is at your fingertips:

- Call us at **888-645-5979**, answered live every weekday from 9 a.m. – 8 p.m. EST
